TVBox [Win/Mac]

We've seen plenty of weak DVD to MP4 solutions, but none of them can do everything that DVD2MP4 Professional does. This full-featured solution can convert DVD movies and play them on a wide range of devices. Just insert a DVD disc, click a button, and you have a local copy. Or, you can easily upload to YouTube, Google Video, or Facebook for uploading to online video sites. It's not just for DVD movies. It also works well with music DVDs, as well as all kinds of disc-based files, including games, video, audio, images, and applications. It even converts video documents to DVD format! And it converts DVD audio, including Dolby Digital 5.1, DTS, Dolby True HD, Dolby Pro Logic IIz, Dolby Pro Logic IIx, Dolby Pro Logic Surround, Dolby Pro Logic II, Dolby Pro Logic, Dolby Digital 2.0, Dolby Digital Stereo, Dolby Digital 3.1, and Dolby Digital EX and Dolby TrueHD or Dolby Surround EX formats. Simple, yet powerful and fast. No other DVD to MP4 software can beat it. KEYMACRO Features: - Convert DVD movies to the format compatible with most players, including DVD, VCD, AVCHD, iPod, Zune, PSP, PS3, iPhone, iPad, Android phone, and Android tablet. - Convert video files to the format compatible with most players, including DivX, AVI, MOV, MPEG, WMV, VOB, MP4, 3GP, MKV, MP3, AAC, OGG, WAV, FLAC, RA, and WMA. - Convert to DVD format or extract to ISO files. - Get preview of the conversion result before conversion. - Extract the audio tracks from the video files. - Get the audio parameters of the video file and set the audio tracks. - Choose the video bitrate and audio channels. - Supports the latest DVD and Blu-ray playback. - Extract audio from DVD and Blu-ray audio discs. - Rip DVD and Blu-ray to ISO and VOB formats, even some real DVD-9, DVD-5, and Blu-ray-5 discs. - Rip to MOV, MP4, and WMV, and even extract the audio from

the video files. - Convert video files to the format compatible with your MP3 players, 2edc1e01e8
